## **UP DATE ON OUR BUILDING PROJECTS**

The new roof on the staffroom/admin block is well underway, with the roof framing and supports in place last week. The re roof will continue all the way through to Room 4, complete with new overhanging walkways.

The steel framing for the hall went up last week, it was exciting to see the large cranes manoeuvre these into place.

The asphalt is almost finished in the junior area, you are now able to access the classroom from the front of the building.
